## Summary

Flutter Developer with strong skills in Dart, state management, and building responsive mobile UIs. Passionate about UI/UX design, component structuring, and creating seamless user experiences. Experienced in designing wireframes and prototypes using Figma.

## Education

### Bachelor of Computer Application (2022–2025)

University of Calicut

### Diploma in Computer Application (2021–2022)

Kerala State Rutronix

## Experience

### Flutter Developer Intern

Luminar Technolab, Kakkanad

Jul 2025 – Present

- Built mobile application screens using Flutter and ensured clean, user-friendly UI layouts.
- Applied UI/UX design principles to improve usability and created prototypes/wireframes using Figma.
- Implemented state management (Provider/BLoC) and integrated Firebase for authentication and real-time features.
- Developed reusable widgets, optimized navigation flow, and enhanced app performance.

## Projects

### Ente KSRTC Clone App

Developed core booking features including route search, timings, seat selection, and ticket UI using Flutter. Focused on structured UI design and smooth navigation.

### GlamMe – Beauty & Fashion App

A service-based beauty app allowing users to explore artists, view portfolios, and book services. Designed with strong UI/UX focus and Firebase-backed functionalities.

## Skills

**Programming & Frameworks:** Flutter, Dart, BLoC, Provider, GetX

**Database & APIs:** SQL, Firebase (Auth, Firestore, Realtime DB, Cloud Storage), SharedPreferences

**Other:** API Integration, UI/UX Design, Figma, Git
